WEBSITE SOLUTIONS PRINT CORPORATE IDENTITY DESIGN

# About 3Brothers Media

3Brothers Media is a professional website and graphic design agency based in Lagos, Nigeria. We offer complete website solutions - website design, internet marketing, social media marketing, search engine optimization, e-commerce, domain name registration, web hosting, banner advertisement, . We specialized in developing website's that work - A website that drives customers into it.

Our business-driven approach separates us from typical web design companies in Nigeria. As a website design company we offer a full business-driven approach in website design & web development where our website design services covers strategic planning, business intelligence, creative, application development, product / service promotion & solution maintenance. Most of our time goes in understanding your business objectives, defining the problem and finally implementing the best possible solution. Your website can offer you the best return on investment.

Our engagement can add value at any stage of a life cycle:

- Designing of a new website
- Redesign or revamping of an existing website
- Maintenance & management of an existing website

## What Type of Website are you Looking for?

3Brothers Media offers a wide variety of services to suit your every website design requirements.

**STANDARD WEBSITE** - increase awareness, provides information and allows customers to contact you with our standard web design services.

**BUSINESS WEBSITE** - this web site package are strategically employed to ensure that your business has a competitive advantage over other business competitors. A site that does all of a Standard website and provides database functionality. This is suitable for corporate organizations, NGOs etc.

**SOCIAL NETWORKING WEBSITE** - Social networking website have drawn the interest of people from all over the world - the current trend is to start a social networking site for gaining popularity. We develop social networking website, customized for your business like Facebook, Myspace, Twitter, LinkedIn, Flickr and YouTube.

**E-COMMERCE SITE** - Start an e-commerce business and sell products from your website. The e-commerce website is an affordable way of getting extra revenue for your business. E-commerce is online shopping 24 hours/day, 365 days/year, processing orders from around the globe.

**CONTENT MANAGEMENT SYSTEMS (CMS)** - Update your website when, where, and however often you want without worrying about paying someone else to do it. With content management system (CMS) you are in total control of the content on your website. Post articles, make corrections, and update your pages immediately.

### QUALITY MATTERS

We dedicate all of our energy, knowledge, and experience to craft unique and eye-catching websites which become a great asset to any business.

## Why does my business need a website?

- A website will enhance and promote your business.
- A website is an advert for your business that reaches an increasing group of customers.
- Customers can view your website in their own time and your business is "open" for 365 days a year.
- A website is highly cost-effective compared with other forms of advertising.
- In general, your website is viewed by a highly relevant audience that is seeking out products or services that you provide. This means that they are more likely to become customers.

Our aim is to keep website design professional, clear and crisp, easy to navigate and quick to download. It is the appeal that captures the browser's attention and it is the content and functionality that keeps the attention. A good Website design reinforces your message and delivers it with more impact. **Shall we begin?**

## Our Proposal

3Brothers Media will skillfully design a great looking professional Website for your business. Our goal is to provide professional and affordable custom web design to fit the needs and the budget of our clients. We offer creative, innovative and timely web development and design. Analysis efforts guide the process, from planning to design prototypes, to production. The end result is a professional website timely designed and delivered to clients' vision and voice.

We will provide the technology and help deploy the mechanism that will promote your web site so that it is picked up and regularly put in as high as possible ranking by the major search engines like Yahoo! Google, MSN, Excite, etc.
